| 8:30 AM – 9:00 AM | A. Introductions & Overview               | Meena Abraham (CMS)  
-Senior Advisor, CMMI LDG                                                | Introductions and review of the agenda for the day                                             |
| 9:00 AM – 9:30 AM  | B. Welcoming Keynote                       | Shari M. Ling (CMS)  
-Deputy Chief Medical Officer                                               | CMS’ goals for partnering with professional associations                                     |
| 9:30 AM – 10:15 AM | C. TCPI: Defining High-Value Performance  | Robert P. Flemming (CMS)  
-Director, TCPI, CCSQ  
Alan Kimura (TCPi Faculty)  
Paul McGann (CMS)  
-CMO Quality Improvement, CCSQ                                                | Presentation of the TCPI model as a roadmap for transforming care delivery – key supports provided to clinicians through technical assistance and peer-to-peer exchange; experience of a transformed practice; early results and lessons learned for practice transformation  
How can your association translate the TCPI model and experience of transformed clinicians and practices to support your membership in transitioning to value-based care? |
| 10:15 AM – 10:30 AM | BREAK                                     |                                                                        |                                                                                              |
| 10:15 AM – 11:45 AM | D. Strategic Engagement of Professional Associations in the TCPI Model | Meena Abraham (CMS)  
-Senior Advisor, CMMI LDG                                                     | Presentation and discussion of how the SAN professional associations interpreted the TCPI model for their primary/specialty care providers  
Which SAN programs and activities can your association leverage in supporting clinician members in practice transformation? |
| 11:45 AM – 1:00 PM  | LUNCH (on your own)                        |                                                                        |                                                                                              |
